

## **Allied Health Position Descriptions**

**Executive Sponsor:** Real Cloutier/Gloria O'Rourke

**Project Sponsor:** Neil Machutchon/Janet Clark

**Program/Dept:** Allied Health

**Project Manager:** Kerissa Cymbaluk

**Start Date:** September 2005

**Finish Date:** February 2006

The purpose of this project is to develop standardized position descriptions for all classifications of staff in each of the disciplines of Physiotherapy, Occupational Therapy, Respiratory Therapy, Social Work, Speech Language Pathology, Audiology, Diagnostic Imaging, Therapeutic Recreation and Clinical Dietetics within the WRHA. Although each discipline requires position descriptions unique to their discipline, the project will ensure the position titles as well as key roles and responsibilities are consistent among all disciplines. The sites impacted would include all acute and long term care sites. This project addresses a recommendation from the ABC Project 6.1 on Allied Health Infrastructure.
