

Business Process Solutions Project

Executive Sponsor: Milton Sussman

Project Sponsor: Paul Kochan/Gloria O'Rourke

Program/Dept: Regional Initiative

Project Manager: Kim Smith

Start Date: June 2005

Finish Date: TBD

The Business Process Solutions Project is looking for ways to improve, standardize and integrate current aging business processes and technologies across our region.

A Request for Proposal (RFP) was issued resulting in EDS Canada Inc. being named the Preferred Proponent for this project. Members of the Business Processes Solutions Project Team will conduct a due diligence process to take a comprehensive look at information in these same areas as well as gathering data related to purchasing and contract management to establish a viable solution to meet the long term needs of the WRHA.
