

Joint Medical Staff Operating Division Project

Executive Sponsor: Dr. Brian Postl

Project Sponsor: Dr. Brock Wright

Program/Dept: WRHA/University of Manitoba

Senior Analyst: Reid McMurphy

Start Date: November 2007

Finish Date: December 2007

The goal of the Joint Medical Staff Operating Division Project is to develop plans to establish a WRHA and University of Manitoba Joint Operating Division to reduce duplication and improve opportunities for sharing of resources to provide more effective and efficient Medical Staff functions i.e. recruiting, contracting, credentialing, and financial control. The objectives of the project are to:

- Create a framework agreement between WRHA and the University outlining governance and other principles, including sample contract templates.
- Develop a functional plan for an integrated Medical Staff Office, including a workplan that details the major milestones and timelines required to operationalize.
- Provide recommendations to improve physician recruitment process.
