**Executive Sponsor:** Sharon Macdonald

**Project Sponsor:** Linda Dando

**Program/Dept:** Home Care

**Lead Analyst:** Reid McMurchy

**Start Date:** May 2006

**Finish Date:** June 2006

MB Home Nutrition Program (MHNP) is a Provincial Program established to deliver community-based nutrition support services (Enteral or TPN) to Manitobans who cannot otherwise meet their nutritional needs due to compromising medical conditions. MHNP focuses on assisting and empowering the client to maximize their strengths in order to live a full and productive life. The management team has a strong desire to make changes to improve the client focus and service delivery of the program beginning with the development of an 'ideal state' workflow diagram.
