

Mental Health - PACT Team Implementation

Executive Sponsor: Milton Sussman

Project Sponsor: Carolyn Strutt

Program/Dept: Mental Health

Project Manager: Eleanor Suderman

Start Date: December 2006

Finish Date: September 2007

The Mental Health Program has been approved to develop and implement additional PACT services within the WRHA, with the initial focus on serving a defined population of patients from the Selkirk Mental Health Centre. This implementation requires the redevelopment of physical space, recruitment of required staff, the acquisition of an electronic health record, and a detailed plan to support the service implementation, as well as design of an evaluation plan.
